OFFICIAL NEWSPAPER OF THE UNDERGRADUATES OF MASSACHUSETTS INSTITUTE OF TECHNOLOGY

VOL. LXXIV. NO. 7

CAMBRIDGE, MASSACHUSETTS, FRIDAY, MARCH 5, 1954

5 CENTS

## Elections For DormComm, InsComm Representatives, And House Chairmen Held

Elections were held on Tuesday in the dormitories for the offices of House Chairmen, Institute Committee Representatives, and Dormitory Committee Representatives.

The new Baker House Chairman is Herbert S. Amster '56, who defeated Walter R. Fritz '55. The Institute Committee Representative is Sherman Uchill '55, elected over G. Jerry Davis '56. Robert C. Siegal '56 was elected Dormitory Committee Representative. He was unopposed on the ballot although a last minute unsuccessful write-in campaign developed for Irwin Gross '56. Baker House also elected James Stone '55 Social Chairman, and Laurence I. Moss '56 athletic chairman.

Burton House elected Edward Gore '55 as House Chairman. The Institute Committee Representative for the next year will be Richard Peskin '56. In the contest for the two Dormitory Committee Representatives Max Plager '56 was elected and there was a tie for the second seat between Howard Trachtenberg '56 and Frederick C. Hennie '55.

## Faculty Members Meet Saturday To Discuss Guidance

About 70 members of the faculty will attend an all-day conference on freshman guidance this Saturday in the Faculty Club of the Sloan Building. The group will assemble at 10:00 a.m. and will divide into three discussion panels, which will be led by Professor John T. Rule, Professor C. Fayette Taylor and Professor John R. Coleman.

The purpose of the discussion is to examine past experience in advising and also the environment of the freshman in an effort to improve the present freshman counseling program.

After luncheon all will attend session at which the findings of the three groups will be summarized. This section of the program will be chaired by Professor Norman C. Dahl and Professor Francis Bitter, chairman of the Freshman Advisory Committee, which is sponsoring the affair. The conference will close at 5:00 p.m.

## "The Ski-Jump", Junior Dance Is Set For Tonight

Two dollars is the price of admission to "The Ski-Jump", a dance to be held tonight by the Class of 1955. The affair is to be in Baker House, from 8:00 p.m. to 12:30 a.m., and will feature the music of George Graham and his orchestra. In line with the theme of the party, guests are requested to wear ski-togs as costumes. Set-ups will be provided. Tickets are on sale in the lobby of Building 10.

## Local Strong-Man Sets New Record In Sit-up Marathon

Rolf Wetzell '56 has assured himself a place in the annals of the Institute's athletic history by setting a record of 1504 consecutive sit-ups.

With his feet held in place, the new Burton House champion completed his ordeal in two hours and twenty minutes last Friday night. The task was undertaken as response to the dare of five other students, who put up 2.00 apiece, as a demonstration of faith. Wetzell, a pole vaulter on the track team, showed no ill effects other than being \$10 richer.

## Elections To Be Held On Tuesday For InsComm And Class Offices; Many Candidates Enter Contests

### Killian Appoints Admiral Cochrane New Institute Veep

President James R. Killian, Jr. has announced the appointments of Dean Edward L. Cochrane as Vice President for Industrial and Governmental Relations and of Professor C. Richard Soderberg as new Dean of the School of Engineering. The appointments become effective April 1.

Vice President Cochrane has been Dean of Engineering since 1952 and was head of the Naval Architecture department from 1947-1952. In his new post he will be concerned with the Institute's enlarged responsibilities to industry and government, serving to coordinate and to give administrative support to the activities at the Institute undertaken for industry and government.

He will have the administrative responsibility for the Division of Industrial Cooperation, the Division of Defense Laboratories and the Industrial Liaison Office. He will also be chairman of an administrative coordinating committee for the Lincoln Laboratory.

(Continued on page 6)

On Tuesday, March 9 elections will be held for class officers and Institute Committee Representatives of the classes, fraternities and commuters. On election day the voting booths will be divided into three sections, for commuters, dormitory residents and fraternity members. All voters will receive a ballot for their class officer election, and in addition, fraternity men and commuters will receive a second ballot for their respective Institute Committee Representatives. All members of fraternities, including those who live in dorms and those who commute, are to vote with the fraternities. The Institute Committee Representatives for the dormitories have already been elected.

The class of '54 will elect a Permanent Class President and a Permanent Class Marshal.

### Hoopsters Upset Jumbos In Final By 69-67 Count

Playing inspired, driving ball, MIT's varsity cagers upset a hard-fighting Tufts team Wednesday by a score of 69-67. Leading almost all the way, Tech won despite an injury to their star center Stan Shilensky '55 and the lessened efficiency of Giff Weber '55, who played almost the whole game under the threat of fouling out.

The whole team played great ball, every man contributing to the victory. The first half was dominated by the phenomenal shooting and rebounding of Shilensky; the second by the play of Carl Hess '55, Jack "Tiger" Britt '55 and Allen "Dutch" Schultz '54.

The game started auspiciously as Shilensky dropped his first shot, a jump from the right side. Tech kept rolling till, with 5 minutes and forty seconds left, they led 10-3. At this point Tufts put on a scoring spurt and at the end of the first quarter trailed by only two points, 19-17. Stan already had nine points, Schultz and Hess, four.

#### Tech Rolls Up Margin

At the beginning of the second quarter the Beavers fell behind 20-19 when Hegenhan of Tufts scored both of the foul shots he was awarded at "Red" Schultz's expense. Tech was never on the short end of the score again. Shilensky swished a corner one hander, Hess took a Ken Christie '54 pass for a lay-up and Tech was off and winging with a 23-20 lead. The next few minutes of play were marked by Christie's terrific rebounding off the offensive boards.

#### Shilensky Hurt

With Stan and "Dutch" carrying most of the scoring load, the Techmen pulled away to an eleven point margin, the greatest they held at any time, with two minutes left in the half. Besides the deadly shooting of the Beavers the main reason for this lead was the complete domination of the defensive board by Shilensky. It was a great blow to Tech's hopes when, with only 55 seconds of play remaining in the half, Shilensky was hit in the knee while fighting for a rebound. Up to this point Stan had scored fifteen tallies, the total he finished the game with. He tried to play in the second half, but, after one play,

(Continued on page 6)

### SELECTIVE SERVICE

The deadline for submitting applications for the Selective Service College Qualification Test on April 22 is midnight, March 8. Applications postmarked after that time cannot be considered. Application blanks and sample questions may be obtained from Mrs. Lutz in the Selective Service Information office, Room 14-S136, in the Science Library.

At East Campus F. Eugene Davis '55 defeated Sheldon Busansky '55 in the election for House Chairman. Gary L. Quinn '56 was elected Institute Committee Representative, defeating Joel A. Sparr '56. The East Campus DormComm representative is selected by the House Committee. In a contest for Monroe Hall Chairman Herbert Katz '56 won over the cat owned by Professor Ashley, the faculty resident.

### LITERARY SUPPLEMENT

Contributions for The Tech's fourth Annual Literary supplement are now being accepted and should be sent to Sheldon Dick, Box 2101, Burton House, 420 Memorial Drive, or care of The Tech, Walker Memorial. Students are urged to submit their short stories, poetry, prose, or other forms of creative writing.

## "Suspended In Air" Tickets On Sale At Door Tonight

TECH SHOW REHEARSAL

Left to right: "Mike" O'Brien, Georges Marcou, Ada Mae Renfer.

Tickets will be sold at the door for tonight's and tomorrow night's performances of "Suspended In Air", "Tech Show of 1954" at John Hancock Hall. Seats in all three price ranges, \$1.20, \$1.80, and \$2.20, are available for both performances.

"Suspended In Air" was written by Arnold Levine, '53. The book and lyrics were by Thomas Doherty, '56 and John Bacom, '56. Music Director was John Hsia, '53.

#### The Plot

The plot concerns a continental dress designer of Russian origin, who joins with a suspender company to create a new fashion fad "Suspenders for Women."

A certain Senator Joseph McCrackey hears of this plan, and feeling that it is un-American for women to wear suspenders, intervenes

and attempts to break up this new combination.

Involved in the proceedings are Dave Rados, '55 as Roscoe Runson, vice-president of the suspender company, Ada Mae Renfer as a dress model, Virgil Brown, '57 as Senator McCrackey, and Georges Marcou, '53 as the Russian dress designer. Carole Behrins as the secretary of the president of the suspender company, George Perry, '56 as the president of the company, and Jack Rosenfeld, '56 as the naive office boy, are among the others in the cast.

Dr. Preston Munter of the Medical Department directed the production. The Tech Show orchestra is made up of people associated with the Institute in addition to members of the Boston Conservatory of Music.

The candidates for Class Presidents are: Class of 1954, Dean L. Jacoby, and Royal C. Riedinger; Class of 1955, David B. Brooks, William Friedman, Jr., David Nasatir, and Chan Stevens; Class of 1956, Thomas S. Hoffman, Oliver D. Johns, and George W. Luhrmann, Jr.; Class of 1957, Virgil Browne, Lawrence O. Friend, Robert F. Rosin, James Rowan, and Henry Salzhauer.

Candidates for Institute Committee Representatives are: Class of 1955, Roy M. Salzman; Class of 1956, James E. Hamblet, Henry Imus, John S. Saloma, and Michael Schmid; Class of 1957, Brooke Anderson, Harry M. Flagg, Martin L. Gerson, Robert E. Hanson, and Malcolm M. Jones; Commuters, Stanley H. Becker '55, Angelo J. Perciballi '56, and Philip A. Untersee '55; Fraternities, James Eacker '55, David L. Rados '55, Mitchell Savin '55, Craig Sherbrooke '56, and Ash Stocker '55.

Candidates for Permanent Class Marshal of the Class of 1954 are: Robert E. Anslow, Thomas E. Bastis, Coley Bresee, George L. Perry, Dominick Sama, George G. Schwenk, and David L. Vogel.

The statements of the candidates for Permanent President of the Class of 1954, who will direct activities of the class in the years to come, are as follows:

#### DEAN L. JACOBY

As I see it, the main functions of the permanent class officers are to ex-

(Continued on page 6)

## Weatherill Elected New President Of SigmaGammaTau

Sigma Gamma Tau, national honorary aeronautical engineering fraternity, elected officers for the coming term at a business meeting last Thursday. Officers elected were: President, Warren Weatherill, '54; Vice-President, John Clauss, '54; Secretary, Antony Merz, '55; and Treasurer, Eddie J. Schwartz, '54.

Sigma Gamma Tau is a recent merger of two formerly independent aeronautical societies, Gamma Alpha Rho and Tau Omega. The M.I.T. chapter of the former organization was founded in 1948, and united with Tau Omega at a convention at Purdue University on February 28, 1953. The chapter now consists of 43 active members, Professor Holt Ashley serves as faculty advisor. The organization is very active in Course 16. It is engaged in a number of projects which includes maintaining a file of thesis topics for advanced degrees, a booklet which introduces the course XVI faculty, member by member (one to a page), to the freshmen to whom it will be distributed, and close cooperation with the Institute of Aeronautical Sciences on projects of greater magnitude.

## Editorials

### MORE ELECTIONS

The elections to be held next Tuesday will complete the make-up of the new Institute Committee; ten more representatives will be elected. Because of the fact that the living groups will vote separately, there may well be some degree of confusion. Nevertheless, the students should remember that the men they choose will be seated on the highest council of student government. These men should necessarily be responsible, clear-thinking students, with some constructive ideas of their own. This year, Institute Committee will be operating under a new system; there will be fewer members than in the past, and many of the old administrative difficulties have been eliminated. Under this new system, the committee should prove easier to handle, and undoubtedly will consume less time tied up in red tape.

The importance of considering platforms and proposals rather than activity records and popularity cannot be overemphasized. It is the job of the Institute Committee to administer student government. We have already called attention to some of the issues that are important to the students in the spring elections. Despite this, many candidates have ignored these issues and have chosen to run on popularity or catchy campaign slogans. A position on Institute Committee is certainly one of honor and importance; it is not one to be taken lightly or humorously. Before voting, the students should, therefore, consider seriously the fact that they will be electing the men who will control student government next year.

### AT LAST—A WINNER

After many years of drought, including a pathetic one-and-sixteen season last year, the M.I.T. basketball team has returned to winning ways. During the last six weeks, when the team won seven out of eight, it was especially pleasant to watch a winning team. This next Monday, there will be a benefit game between the varsity team and a picked intramural squad. The preliminary, however, promises to be just as interesting, for the freshman team is scheduled to play a team of faculty members. This game will provide every student with a chance to visit Walker Memorial and boo his favorite coach, instructor, or dean. It is not often that the students can give the faculty a good rousing raspberry, this is the best chance to fill the gymnasium and make some noise in years.

### UNDER THE TABLE

The action of the Dormitory Council in advertising their Christmas Formal with empty liquor bottles this past December only served to bring out the fact that it is common practice at the Institute to serve drinks to anyone who can reach to the top of the table. It would not be surprising if the administration was somewhat perturbed at this flaunting of Massachusetts state liquor regulations. In the near future the administration will probably investigate the situation of drinking on the campus—and in fraternities—quite thoroughly. Such an investigation would reveal that no small number of under-age students engage in illicit imbibing. With a strong possibility of a probe such as this, it would certainly be advisable for the average M.I.T. nineteen-year-old to do his drinking in some convenient out-of-the-way place such as under the table or in a nearby closet.

## WMIT Schedule Of Classical Music

### 4-6 MUSIC OF THE 20th CENTURY

Schumann: Undertow  
 Luenig: Interludes  
 Dello-Joto: Serenade  
 Khachaturian: Masquerade Suite  
 6-8 MUSIC ROOM  
 Music of the 12th and 13th Centuries  
 Lassus: Lamentations of the Prophet  
 Jeremiah

Des-Pre: Motets  
 Leoninus: Examples of Organum & Diaphony

### 8-10 CONCERT HALL

Dukas: Sorcerer's Apprentice  
 Mendelssohn: Piano Concerto I  
 Schubert: Lieder  
 Mozart: Symphony 36 "Linz"  
 Weber: Clarinet: Quintet  
 Ravel: Sonata for Violin and Piano

### 10-2 FEATURE CONCERT

Mascagni: Cavalleria Rusticana  
 Leoncavallo: I Pagliacci  
 Kabalevsky: The Comedians  
 Prokofiev: Buffoon Ballet  
 1-2 Semi-Classical

### Monday, March 8

8-9:30 CONCERT HALL  
 Beethoven: Piano Concerto 2  
 Gottschalk: Cakewalk Ballet  
 Haydn: Symphony 88

10:15-12 MUSIC IMMORTAL  
 Beethoven: Symphony 7  
 Mozart: Piano Concerto 10  
 Mozart: Overtures

### Tuesday, March 9

CONCERT HALL  
 Glazounov: The Seasons  
 Haydn: The Seasons (oratorio)  
 Vivaldi: The Seasons

10:15-12 MUSIC IMMORTAL  
 Sibelius: Symphony 2  
 Tchaikovsky: Serenade in C

### Wednesday, March 10

Gabrielli: Canzones  
 Bach: Violin and oboe concerto  
 Mozart: Divertimento 15  
 Brahms: Quintet

Hindemith: Kleine Kammermusik  
 10:15-12 MUSIC IMMORTAL

Stravinsky: Rite of Spring  
 Debussy: Images for Orchestra  
 Schubert: Rosamunde

### Thursday, March 11

8-10 CONCERT HALL  
 Schubert: Symphony 8 "Unfinished"  
 Beethoven: Creatures of Prometheus Ballet

10:15-12 MUSIC IMMORTAL  
 Beethoven: Sonata 29 "Hammerklavier"  
 Brahms: Symphony I

### Friday, March 12

8-9 CONCERT HALL  
 Bizet: L'Arlesienne Suites I and 2

Liszt: Hungarian Rhapsody 2  
 Bach: Prelude and Fugue 8  
 9-10 STRICTLY FOR SAVOYARDS  
 Gilbert & Sullivan

## COLLEGE MEN:

Here's a wonderful opportunity for men with unusual creative ability as

# ELECTRONIC and MECHANICAL DEVELOPMENT ENGINEERS

Without doubt, this is one of the most interesting and challenging careers ever offered to college men. Link Aviation, Inc. — manufacturers of flight and radar simulators, computer-actuated training devices, scientific instruments and precision testing equipment — is filling positions that combine the unlimited advancement opportunities of the fields of electronic computers and jet aircraft.

Applicants must demonstrate exceptional creative ability and a sincere interest in the following fields:

1. Computers (Analog or Digital)
2. Servo-mechanisms
3. Feedback Amplifiers
4. Pulse Circuitry

This is the time to act! If you will be getting an E.E. or an M.E. degree, you may be selected for an exciting career — with an excellent starting salary and all the benefits of an established, progressive company.

MR. ROBERT TITZEL

 DANCES

### FRIDAY, MARCH 5

M.I.T.—Put on your ski attire and join the fun at the "Ski Jump" Junior Dance. Baker House. 8:30-12:30. Admission is \$2.00. B. Y. O. L., and away we go.  
 M.I.T.—Beer and girls will be the main attractions at the 5:15 Club Acquaintance Dance. For only eight bits you can enjoy yourself in the basement of Walker.

ACADEMIE MODERNE — A "Spring" Dance will be presented at 3 Commonwealth Ave. at 8:30. Leave your slide rule at home, turn on your masculine charm, and try to enjoy yourself before the work piles up.

### SATURDAY, MARCH 6

BOSTON YWCA—holds its Saturday night dance at 140 Clarendon Street from 8:30 to 11:45. Art Brickley plays for these popular shindigs. Drop in; stag admission is only 90c.

### FRIDAY, MARCH 12

M.I.T.—Calling all sophomores to the '56 Class Dance. This informal affair will be presented in Baker House from 8 to 12. Forget your 8.04, M22, and H22, and let yourself go. Admission is \$1.50.

MOUNT VERNON FELLOWSHIP—Dancing and refreshments will be featured at the "Shilleigh Stomp." Located on Beacon St. at Mass. Ave. 50c will get you in.

### SATURDAY, MARCH 13

M.I.T.—For an informal evening, bring your current girl to the I.D.C. Dance. Refreshments and entertainment are included in the \$1.00 admission. Walker Memorial, as usual.

M.I.T.—Club Latino will sponsor "La Enganadora". You can really live it up with plenty of South American music. To be held in Baker House. Free drinks will be included in the admission charge of \$6.00.

### CAMPUS CRUISING

M.I.T.—Tickets are going on sale Monday for the Mil Ball, which will be held on March 19 in the Grand Ballroom of the Sheraton Plaza Hotel. Hal Reeves will conduct a thirteen-piece orchestra for the affair, which will last from 9:00 to 1:00. The ROTC uniform, worn according to (Continued on page 6)

# Skaters Lose To Tufts; Capt. Kiley Plays Last Game

The Engineer hockey team sporting two straight wins met Tufts at the Boston Arena and were soundly beaten by the Jumbos, 6-3. It was the final game of the year for the Beavers and they finished the season with a record of three wins, nine losses, and one tie. Tech's squad was augmented by the return of Gaylord Schwartz, '56 who was injured in the Northeastern game and has been off the ice for two months, but still Tech was not able to cope with Tufts.

The teams played even in the first period. Finally Harold Wells, '55, stellar wing and defenseman, broke through three men and scored on a solo at 14:20 of the first period. Tufts countered with a score just one minute later and tied the count at 1-1. In the second period Tech had two men in the penalty box, but fine defensive play prevented the Jumbo six from scoring against Tech's four men. John L. Sullivan, '56 gave the Beavers a lead with an unassisted score at 10:11, but Dick Kelley of Tufts scored two quick goals to give the Jumbos a 3-2 lead going into the last quarter. Kelley scored at 2:06 of the last period for his "hat trick" and scored ten minutes later to increase the Jumbo lead to 5-2. Tufts scored again at 16:00, but Fred Cullick, '56 assisted by Jim Bartsch, '55 and Gus Schwartz scored at 18:01 to make the final score 6-3.

Kelley led Tufts with a tremendous output of four goals and one assist. Captain John Kiley '54 and Jack

# Swimmers Split, Toppling R.P.I., Losing To Union

The Beaver varsity aquamen split their last two meets, dropping one to Union College, 51-33, and toppling RPI in a later meet, 47-37.

The Union swimmers got off to a strong start, by winning the medley relay, and continued on the winning trail by copping firsts in every event except the 200-yard breaststroke, and the final relay. These contests were won respectively by Frank Buck, '55 and the quartet of Bob Sullivan, '56, John Reynnders, '56, Hal Cohen, '55, and Captain Don Bailey, '54. However, Tech took quite a few seconds in the meet, including Quinn Solem, '56 in the 220 and 440-yard freestyles, Jim Dwyer, '54 in the dive, Don Bailey in the hundred-free and Bob Jantzen, '56 in the 200-yard backstroke.

—Beavers Drop RPI—

In the Tech Rensselaer meet, RPI started things off by taking the medley relay and the 200 yard freestyle, with Solem and John Roberts, '56 placing second and third. Tom Hamilton, '55 took first for the

Duffin, '54 playing their last hockey game for Tech gave all they had and played particularly well. Goalie Joe Bova, '54 suffered a broken jaw two months ago and has not played since then, but has given plenty of moral support to the team and is to be commended for his fine spirit. John Sullivan and Nick DiBona, '55 kept the Beaver's hopes alive with their continued scrappy and hard hockey.

Beavers in the fifty, followed by Bob Sullivan in third place. RPI fought back by taking the 150-yard individual medley, but Cohen and Reynnders took a second and third. The Beavers swept diving with Jim Dwyer, '54 copping first, and the 100-free with Don Bailey doing the honors.

# Frosh Mermen Dump BU, Tufts In Twin Victory

On Saturday, February 27, the Freshmen natators won two of the most outstanding meets seen this year, swamping BU, 54-21, and Tufts by a 51-24 count. The twin victory in the triangular meet at Alumni Pool gives the frosh a solid six win, three loss record to date.

The Beavers got off to a good start with the Tech medley relay team taking the initial event in 1:34.6. Backstroke Gordon Doble, '57 came up with a fast leg to give the Engineers a three-yard lead which was sufficient for the win.

—Mallett Leads Scorers—

John Brosens, '57 in the 200-yard freestyle, Martin Gerson, '57 in the 4ftv, and Les Orloff, '57 in the 100 free took firsts against Tufts and seconds against BU, while Russ Mallett, '57 swam a fine 100-yard breaststroke to leave both schools behind. Mallett also took first in the individual medley against BU, and second in the same event against Tufts, to lead all contestants with a score of 18 points.

Dave Bryson of Canada, frosh diving ace, took wins over both Tufts and BU in an exhibition which showed his great promise as a future varsity diver. Syl Pomponi, '57 tied for second against Tufts, and coming in with a second against BU by a wide margin.

The Fighting Freshmen took the two victories by what was obviously a concerted team effort.

# All-Stars Vs. Varsity Mon.; Prelim Pits Faculty, Frosh

The intramural all-stars face their first big test of their extramural season when they clash with the varsity hoopsters, Monday evening, March 8.

The all-stars are expected to put as much height as possible on the floor to combat the rebounding ability of Gifford Weber '55, Al Schultz '54, and Stan Shilensky '55. Former University of Texas standout, 6'4" Dimitry Vergun '56, will team with 6'3" Bill Missimer of Williams College and 6'6" Bill Erman of Notre Dame, in an effort to gain board control for the all-stars.

In the all-important guard positions for the all-stars will be Tech varsity standout of last year, Paul Van Alostne '53, who will team with Dick Hurlbut '57, a transfer from Virginia Polytechnic Institute. Other all-stars who should see plenty of action are guards John Stelling '56, Hilly Prager '56, and Tom Comporato '55, and forwards Mike Kennedy '55 and Ken Meliere '56.

For this crucial test, Coach Scotty Whitelaw will relinquish the coaching reins to Weber, Schultz, and Ken Christie '54. The varsity is expected to drop their successful zone defense for a man-to-man defense featuring an all-court press. This defense can be particularly effective against a team such as the all-stars, who have had relatively few practice sessions together. The success or failure of the all-stars will depend on their ability to move the ball against the varsity press.

Deans Will Play

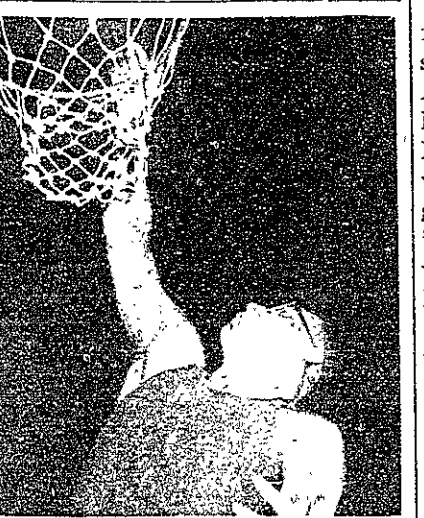

The starting faculty lineup will include deans Bowditch and Kispert, Professor Mahoney of the Humanities department, and coaches Whitelaw and Ben Martin. In addition to these stalwarts, the faculty can call on baseball coach Roy Merritt, equipment manager "Tiger" Murphy, and athletic director "Ike" Geiger.

Probable Starting Lineups

ALL-STARS	Varsity
RF Missimer (6'3")	Weber (6'3")
LF Kennedy (6'1")	Schultz (6'2")
or Erman (6'6")	Shilensky (6'6")
C Vergun (6'4")	Hess (6'1")
RG Hurlbut (6'1/2")	Britt (6'1/2")
LG Van Alostne (5'10")	

Expected winners for M.I.T. are: IC4A champ Warren Lattof '56 in the high hurdles, Ian Williams, '54, whose great anchor leg captured a Garden relay title for Tech earlier this season, in both the 300 and 600 yard runs, Harry Schrieber, '55 in

(Continued on page 6)

Dimitry "Dee" Vergun '57, intramural standout.

# Beaver Trackmen To Meet U.N.H. Tomorrow At Home

The M. I. T. track team will face U.N.H. this Saturday, March 5, at Briggs Field. If past performances are any criteria, the meet should result in a win for Coach Oscar Hedlund's charges.

Expected winners for M.I.T. are: IC4A champ Warren Lattof '56 in the high hurdles, Ian Williams, '54, whose great anchor leg captured a Garden relay title for Tech earlier this season, in both the 300 and 600 yard runs, Harry Schrieber, '55 in

# WANTED

# BRAIN SURGEONS

FOR GUIDED MISSILES

Fundamentally, guided missiles are planes without pilots or "pilotless" aircraft. To enable the missile to fulfill its mission, a substitute is needed for the human element.

Our "brain surgeons"—scientists and engineers of Bell Aircraft's electronics and servomechanisms departments—supply this substitute. Complex electronics systems are the brains of a missile. Servomechanisms provide the "muscles." Engineers are needed to develop these important "brain-muscle" systems. You can't possibly find a more challenging or satisfactory assignment!

- ELECTRONIC ENGINEERS
- MECHANICAL ENGINEERS
- AERONAUTICAL ENGINEERS
- PHYSICISTS
- MATHEMATICIANS

## M.I.T. Orchestra Prepares Concert With Mt. Holyoke

The M.I.T. Symphony Orchestra will present its annual combined concert with the Mt. Holyoke College Orchestra at Sanders Theater, on March 14, at 8:00 p.m. The program will include "Symphony in D Major, No. 53, (The Imperial)", Haydn; "Five Pieces for Strings", Hindemith; "Concerto No. 1 for Piano and Orchestra", Beethoven with soloist, Charles Rosen; and "The Great Gate of Kiev", from the suite "Pictures at an Exhibition", Mousorgsky.

The featured pianist, Charles Rosen, is an Assistant Professor of Modern Languages at the Institute. Tickets for this concert will be on sale in the lobby of Building 10, from March 8 until March 12. Their price will be 75c. Sanders Theater is located in Memorial Hall on the Harvard Campus on the opposite side of the Yard from Harvard Square.

### After Hours

(Continued from page 2)

dress regulations, may be worn. Entertainment will include presentation of sabres to new Scabbard and Blade members and a drill exhibition by Pershing Rifles.

BOSTON UNIVERSITY—will hold a formal dance, on Saturday, March 13, at Charlesgate, from 8:30 to 12:00. Admission is free; other details can be found out from BU, as they are indefinite now.

NORTHEASTERN UNIVERSITY—has its Paradise Ball, sponsored by the Sophomores, at the Hotel Continental on Friday, March 12. Dick Madison's orchestra will play for this formal dance, lasting from 8:30 to 12:00. Admission is \$2.50 a couple, and further details may be had at the Northeastern activities office.

### ENTERTAINMENT

M.I.T.—Tech Show is running tonight and tomorrow. If you haven't already seen it, do so at John Hancock Hall.

THE OLD HOWARD—has renewed stage shows at 1:00, 3:15, 7:15, and 9:15. Well?

### THEATRE

"By the Beautiful Sea"—Shirley Booth is starred in this new musical comedy, which takes place in Coney Island at the turn of the century. Will remain at the Shubert Theatre until March 13.

"Guys and Dolls"—"Broadway's fabulous musical" is in the last two weeks of its Boston run. For an evening of entertainment, this show can't be beat. Colonial Theatre.

"Twin Beds"—This is the farcical comedy that tries to answer the question, "Do young brides prefer twin beds?" Supposed to be very amusing. Wilbur Theatre.

Anniversary Waltz—This new comedy starring Kitty Carlisle and Macdonald Carey will open on March 8. Seats now on sale at the Plymouth Theatre.

### MOVIES

THE GLENN MILLER STORY—is a very good film biography of the bandleader, with James Stewart and June Allyson in the lead roles. Most people should enjoy the old Miller music, and Louis Armstrong adds an extra treat. See it at the Keith Memorial.

RED GARTERS—starring Rosemary Clooney, Guy Mitchell, and Jack Carson. Opened yesterday "with a whoop and a holler." A musical with a western setting in Technicolor. It is at the Metropolitan.

THE LONG, LONG TRAILER—offers TV's Lucille Ball and Desi Arnaz in some escapades in, around, and about a trailer, at the Astor.

KNIGHTS OF THE ROUND TABLE—is in its "third big (sic) week" according to the advertisements. In spite of much ado about Robert Taylor and Mel Ferrer in tin can armor complete with lances, the main attraction remains Ava Gardner, but not for her acting talents. For those still interested, it's at Loew's State and Loew's Orpheum.

### HOW WAS THE FIRST QUIZ?

The Campus Tutors are offering review sessions this semester. The review groups will consist of four or five students and a tutor. They will be designed to aid the students in a basic understanding of the material rather than to cover specific problems.

Ideally these groups should meet once a week all semester long. If you are interested in such a group in freshman or sophomore physics, mathematics or chemistry, please call UN 4-1732 for scheduling.

THE CAMPUS TUTORS

### Election

(Continued from page 1)

pedite the present class social functions (i.e. graduation and Senior Week), and to provide continuity for the class organization (i.e. organize class reunions, etc.). This will require that the class president have two important attributes: interest and ability.

I would very much like to work with the class after graduation, and feel that my interest in the class is proven by my record; it is for the voter to decide if I have the ability. I am sure that all candidates will join me in urging you to vote Tuesday, March 9th, so that we will have a true indication of your support.

ROYAL C. RIEDINGER

The Permanent President of the Class of 1954 should be a person well-rounded in all phases of the life of the Class of 1954 as well as all phases of Institute life. My various class offices—being Secretary-Treasurer of the Senior Class, member of the Senior Week Committee, and member of the Sophomore Council—have given me an excellent scope of the life of the Class of 1954. Being Captain of the crew and member of the Athletic Association have given me a clear picture of the athletic program which we all will agree is an integral part of Institute life. Work on other committees such as the Open House Publicity Committee and the Military Ball Committee have afforded me a valuable insight into the last type of important Institute activity—the hobby or personal interest type activity.

I feel that this panoramic view of the life of the Class of 1954 and of the Institute has well qualified me to be your representative in the future as Permanent President of the Class of 1954.

### 5:15 CLUB

The 5:15 Club will hold a stag dance Friday evening, March 5, from 8:30 to 12:00, in the 5:15 Club Room in the basement of Walker Memorial. There will be girls from Simmons, Katherine Gibbs, Fisher, and many others. Admission is one dollar and includes cokes and beer.

### Cochrane

(Continued from page 1)

tory.

Dr. Soderberg, who succeeds Vice President Cochrane as Dean of Engineering, is widely known in the field of applied mechanics. He has been with the Institute since 1938, when he was appointed professor of applied mechanics. He became professor of mechanical engineering in 1942 and head of the department in 1947.

### Basketball

(Continued from page 1)

his knee collapsed completely and he limped to the dressing room amidst a deserved ovation. Schultz finished the half with 10 points, Hess with eight.

Beavers Under Handicap

Playing under the handicap they had at the beginning of the second half, a team that had lost almost half of its games could be expected to roll over and play dead—the Beavers not only refused to do that, they perked up. Despite the fact that the game's leading scorer and rebounder was lost to them and that the season's top man, Giff Weber, had to be used sparingly, M.I.T. added two points to their lead during the third quarter.

### Basketball

(Continued from page 5)

"Tiger" Stars

Britt started Tech scoring in this frame, hitting for five straight points on two one-handed push shots from near the foul line and one free throw. He was more than matched, however, during the opening moments by Ginello of Tufts who hit for three set-shots in a row. Another Jumbo bucket and the Beaver lead was down to a very shaky one point. Here Hess popped in a corner shot, and Weber and Hallee took over, both rebounding and scoring wise so that at the end of the quarter Tech led by 56-48.

The final period saw the Engineers surge to an early ten point bulge on the shoulders of Giff Weber and then have this cushion depleted to a two tally lead with 3½ minutes of playing time remaining. This part of the game was marked by a technical foul, called on Hallee when he bounced the ball high in the air to show his disgust at an official's call. However, the Techmen were not to be headed off and, with Weber and Hallee hitting, led by three points with 57 seconds left. Tufts starting fouling to break the freeze now instituted by the Engineers. Trading the one point, for that's all the Techmen could hit out of two free throws, for a chance at a two-pointer, the Jumbos almost caught up; but with the score 69-67 the Beavers held the ball up to the final buzzer.

Eight men played in the game for Tech. Three of them, Hess, Britt, and Schultz, stayed in for the whole game. It was the last game as Beavers for seniors "Dutch" Schultz, Ken Christie and Don Dix. They couldn't have finished on a more exciting note.

### Track

(Continued from page 5)

the housand and IC4A high-jump king Bill Antoine, '56 in his specialty. John Morefield, '56 is a probable winner in the shot put and 35 lb. weight throw although Roy of New Hampshire is expected to supply strong opposition. Church of UNH is a strong favorite in the pole vault. The mile and two mile runs and the 50 yard dash conceded to be toss-ups with Ray Smith, '56 and Jack Farquhar, '54, the ace Engineer distance men and Lyons and Vedler, the New Hampshire stand-outs in the longer races. The dash will feature a duel between Sid Klein, '55 of Tech and Campbell of U.N.H.

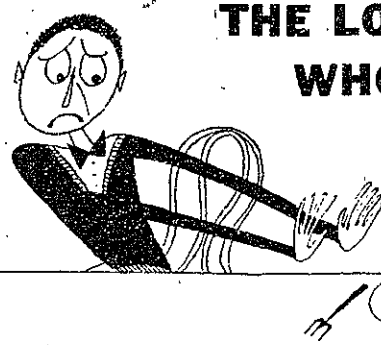

This will be the first meet for the Tech trackmen since their successful competition in the IC4 meet.

## THE LOGIC MAJOR WHO HATED ROLLS

Recently a young mid-westerner enrolled at a university as a Logic major. His father had told him, with some understatement, that he was illogical. He refused to squire a pretty girl to a dance because her name was June Betz and he was against gambling.

He wouldn't eat avocados because they were also called "alligator pears" and he didn't like alligators.

In addition, he was a slob.

Some of the men in his dorm tried to talk to him.

"Look at that shirt," they said. "The material's cheesy. Why don't you hop down and get a Van Heusen Oxfordian... it's soft, fine oxford cloth."

"I'm not attending Oxford. I'm attending Old Siwash," answered our boy.

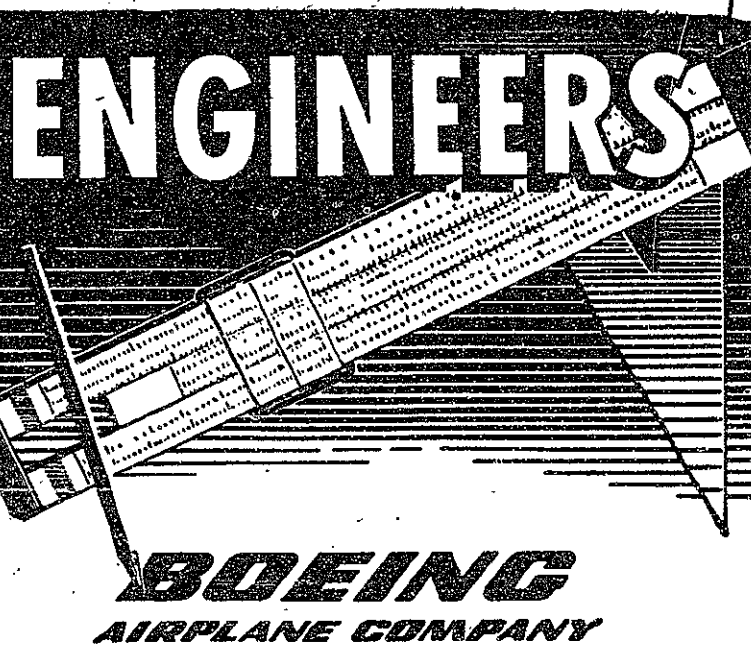

"But, look, Buster. This oxford cloth is woven tighter so it'll last longer. It's a smart investment. And it only costs \$4.50."

"So who needs it? I might get hit by a truck. Then what good would it be?" quoth Buster.

"What about your collar? Flat as a pancake! Don't you want a good-looking button-down with that famous Van Heusen relaxed-roll?" one asked.

"I got nothing against pancakes. I hate rolls."

Note: Our man flunked Logic post haste, and was drafted. The Army has him classified under "Secret Weapons."

will conduct

## PERSONAL INTERVIEWS on campus

March 9 and 10  
Group Meeting will be held at  
5:00 p.m., March 8

Boeing has many positions open for graduating and graduate students. These opportunities are in all branches of engineering (AE, CE, EE, ME and related fields). Also needed are physicists and mathematicians with advanced degrees.

Fields of activity include DESIGN, RESEARCH, and PRODUCTION. Your choice of location: Seattle, Washington or Wichita, Kansas.

A group meeting, first day of campus visit, will precede personal interviews. Details of openings, nature of assignments, company projects, etc., will be explained. Married students are invited, to bring their wives.

Come and learn about these excellent opportunities with an outstanding engineering organization—designers and builders of the B-47 and B-52 multi-jet bombers, America's first jet transport and the BOMARC F-99 pilotless aircraft project.

For time and place of group meeting and for personal interview appointments—Consult your
